

Harbourfront Centre

camps '22

hello camp families

Since 1979, Harbourfront Centre Camps have fostered an inclusive learning community that encourages long-lasting connections to contemporary arts, culture and ideas.

We are committed to creating a safe, inclusive and diverse community that allows our campers to learn and interpret the world through dialogue, social interaction and hands-on activities.

Camps this summer will be as close to "typical" as possible this summer, with the same activities and programs that have been so fun and successful in the past. We are cognizant that COVID-19 is not yet over so we have made some modifications: camps are smaller, enhanced sanitation practices, and we will continue to have a COVID-19 Policy in place.

Campers arriving at camp sign into one of our three travel locations: Camper Pick-Up, Extended Program, and Independent Travel. Campers will wait in these areas until the beginning of camps program time at 9:15am. This allows for the most safe and efficient sign in and out from camp. Recognizing that we are still managing COVID-19, we have expanded the venues used by campers at the beginning and end of the day, and will be keeping as much ventilation and outdoor activity as possible.

Campers taking the bus are encouraged but not required to wear a mask and windows will be kept open if weather appropriate.

Occasionally inclement weather will prevent us from delivering our programs as planned. In the event of inclement weather camps will move inside, but efforts will be made to maximize the separation of different camps. We will continue to offer programming on these days, and will focus on crafts, theory and other activities that are appropriate to an indoor setting.

Harbourfront Centre is a registered charity and not-for-profit organization. By sending your children to our camps, you are supporting all of the outstanding programs and events that Harbourfront Centre offers year-round.

Sincerely,

& the Camps Team

Rankin Middlebrook

All children attending Harbourfront Centre Camps must be toilet trained. We are not equipped to facilitate the toilet training of campers. Children who are not trained will be asked to leave camp.

separation anxiety

We understand this may be your child's first experience at camp and leaving may be difficult. To ensure your camper is successful at camp, we ask guardians not to linger once their child has been dropped off. Our staff are trained to provide exceptional care of your camper(s) and are trained in how to alleviate separation anxiety.

code of conduct

We are committed to creating a safe, nurturing and inclusive learning environment. Campers are inspired through meaningful and enriching experiences in all facets of arts and culture. We aim to provide a positive camp climate where all members of our community – campers, staff, volunteers, guardians and visitors alike – feel physically and emotionally safe, included and accepted.

Under the Ontario Human Rights Code, every person has a right to equal treatment concerning services, goods and facilities, without discrimination because of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, age, marital status, family status or disability. We recognize that inappropriate and unacceptable behavior towards another community member requires a serious response, as informed by the Harbourfront Centre Camper Behaviour Policy below.

With this commitment, the following Code of Conduct is expected of all of our community members (campers, staff, volunteers, guardians, visitors, etc.) at all times.

All members of the Harbourfront Centre Camps community shall:

- Respect yourself. Members are expected, per their age, to take appropriate care of themselves (follow Health and Safety policies and procedures, practice self-care and self-advocacy and participate to the fullness of their capabilities and comfort levels).
- Respect the community. Harbourfront Centre has a 10-acre site nestled along the beautiful shoreline of Lake Ontario. All community members shall treat Harbourfront Centre property, Lake Ontario and the property of others with care. All members will work together and contribute to the well-being (physical, emotional, mental, environmental, social, etc.) of others to create a positive camp community.
- Respect others. Equity, Diversity and Inclusion are promoted through a positive display of respect of all persons in speech, action and behaviour, absent of violence, harassment, racism, intimidation and discrimination of any kind.

camper behaviour

At Harbourfront Centre Camps, new experiences, learning opportunities and safe space are essential to develop critical life skills. As such, we expect all Harbourfront Centre Camps community members to demonstrate sportsmanship, co-operation, respect for others and instruction. Failure to comply with the Code of Conduct may result in removal from Harbourfront Centre Camps. Should an incident arise, the camp staff reserve the right to take appropriate corrective action.

minor incidents

In the case of minor incidents, the camper will be addressed at the time of the incident by their Counsellor/Instructor and/or Facilitator/Head Instructor.

moderate incidents

In the case of moderate incidents, like repeatedly refusing to cooperate with camp staff or other campers, or deliberately disruptive behaviour, the camper may be removed from the group and will discuss the incident with a member of the senior staff team. A parent/guardian will be contacted and informed of the incident. Senior staff may recommend creating a Camper Behaviour Plan with the parent/guardian(s) in order to help better integrate a camper into the camp community and manage their behavior.

serious incidents

In the case of serious incidents, like inappropriate physical behaviour, possession of alcohol and/or illegal drugs, being under the influence of alcohol and/or illegal drugs, vandalism or theft of property, verbal/physical abuse, bullying/harassment, racism, discrimination or jeopardizing the safety and well-being of other campers, the camper will discuss their behaviour with a Supervisor and/or Assistant Manager/Senior Manager. A parent/guardian will be contacted and informed of the incident immediately. The camper may be placed on a Camper Behaviour Plan or suspended depending on the severity of the incident.

suspension

Campers may be suspended for a period ranging from one camp day to the duration of the entire camp season. Campers are not permitted to participate in camp activities or events while on suspension. Suspensions are determined by the Senior Manager and/or Assistant Manager. Depending on an incident's severity and/or occurrence(s), the camper may be temporarily or permanently suspended from the program without a refund.

bus schedules

Please arrive 5-10 minutes before the scheduled pick-up/drop-off time on your first day to ensure you are accustomed with the schedule and pick-up/drop-off location of your bus. Buses will wait 5 minutes after their scheduled pick-up time before they continue with the route.

We will make every effort to stick to our published schedule; however, the first few days of each session often sees delays as campers and parents become accustomed to our practices. Delays can be unavoidable due to traffic conditions and unforeseen circumstances.

Due to safety concerns, mixed travel is not available (e.g., different morning and afternoon travel methods and stops). If bussing is the method of transportation being used by the camper, then they will have to use that method coming and going to camp for the duration of the week they are attending.

morning drop off at bus stops

Each bus will have a Bus Marshal. They are responsible for bus attendance, and checking in each camper entering the bus. We ask that guardians and campers form an orderly line to load buses safely and to avoid pushing or rushing to the bus when loading. As always, safety is our primary concern.

If your child misses the bus in the morning, please make arrangements to get to the Harbourfront Centre by other means. In this event, campers must be signed in at the Late Sign In or Camps Office. We ask that you do not 'chase' the bus if you have just missed it. You are welcome to attempt to meet the bus at the next stop along its route, please note that the bus is able to pick up campers only at scheduled stops.

For busing updates, including delays, please call our busing hotline after 3:45pm daily at 416-973-1620.

Please note: This line is an automated message, if you need to speak to camps staff, please call the camps office at 416-973-4093.

picking up campers from stops

As per our pick-up policies, children will only be released to persons named on the registration form with an acceptable piece of photo ID (e.g., driver's license, passport).

Campers will not be allowed to leave the bus stop unattended unless the Camps Office has received written permission, on your registration, allowing your camper to walk home alone from the bus stop.

If you arrive late at the bus stop to meet your child don't panic. Call the Camps Office immediately. We will keep your child on the bus and they will be taken to the last stop on the route with a staff member. We will make every effort to contact you to advise you of this. Campers will not be left unattended.

bus stops

Bus stops are located at schools throughout Toronto. Wherever possible, bus pick-up and drop-off will be in the established loading zones of the schools. Please do not park or stop in these areas. All school locations should have adequate parking. We recommend that you do a practice run to bus locations prior to the start of camp in order to ensure that you know where the stop is located and where the loading zone and parking area are situated. Please keep the schedule handy for the duration of the summer. Should you have difficulty locating the bus loading zone, please contact the camps office for assistance.

bus seatbelts

Ontario Ministry of Transportation continuously monitors developments in the industry and works with our road safety and industry partners to assess additional safety features on school buses. Due to the unique design of school bus seating, Transport Canada does not require seat belts to be installed on school buses at this time, other than for the driver. Harbourfront Centre Camps complies with all laws and regulations regarding bus safety.

lunch time & food

special treats

We ask that if it is your camper's birthday or another special occasion that you refrain from sending food such as cakes or cupcakes for the group as we are unable to serve food to other campers due to the presence of food allergies and/or dietary restrictions.

peanuts, nuts, and nut product policy

For the safety of all our campers and staff, **PEANUTS, NUTS AND ALL OTHER NUT PRODUCTS ARE PROHIBITED FROM ALL OUR CAMP PROGRAMS.**

We have campers and staff with nut and nut product allergies of varying degrees, and severity. Many of these children and staff face the very real possibility of suffering a fatal allergic reaction to even the tiniest trace amount of nuts. In extreme cases, the scent of someone eating a nut product (e.g., a peanut butter sandwich) in the same room may be enough to trigger such an allergic response.

Similar to policies developed by many school boards in Ontario, we are requiring that staff and campers refrain from bringing nuts and nut products to camp. This includes but is not limited to peanut butter, almond butter, nutella, chocolate bars containing nuts, granola bars containing nuts, or any other product that may traditionally contain traces of nuts. Your camper's lunch will be checked daily by camp staff. Campers with lunches containing nut products will be given a nut-free meal replacement, and you will be charged \$15.00.

We recognize that this may be a staple food source for many campers, and as such, we are prepared to forward a list of alternative foods provided to us by the Municipal Public Health Office. We cannot guarantee a nut-free facility; as we are a public site we will do our best to ensure the safety and inclusion of all campers and staff.

Additionally, in respect to those with dietary preferences and allergies we do not allow food sharing (including including special events such as birthdays).

what to bring & wear

what to wear to camp

Washable and inexpensive is in! Please dress your child in comfortable clothing suitable to the weather forecast for the day. Please remember that we are located on the water and temperatures are often several degrees cooler than the forecast highs for the city. Care is always taken in all activities, however, spills sometimes occur so please do not send campers dressed in their best. We strongly recommend widebrimmed hats and sun screen be sent for added sun protection.

For Sailing and Canoe Kayak Camps please refer to the appendices.

Campers and guardians are able to look through the lost and found for missing items with the assistance of a staff member. If your camper has lost any items, please call the Camps Office. The Camps Office will retain labelled items and contact you to notify you that we have your item. Any items that have not been claimed by the end of September will be donated to charity.

We are not responsible for any lost, stolen or missing items. We make every effort to secure and find items but, due to the public nature of our facilities, we strongly recommend that you do not send money, electronic games, personal listening devices (i.e. iPods) or any possessions of value to camp with your camper

label everything!

Please label everything coming to camp with your child. We have up to 1,000 campers daily, which equates to vast quantities of Maple Leafs and Blue Jays baseball caps, so please use your camper's first and last names. Items with only initials or first names are impossible to sort. We also recommend that campers assist in packing their bags at home so they are aware of what belongs to them when they come to camp.

If you are interested in purchasing labels please check out Mabel's Labels at www.harbourfrontcentre.mabel.ca.

Guardians will be notified if any clearly labeled lost and found items are located. If, for security reasons, you are uncomfortable labelling your camper's clothing with their first and last names, please label them with your name, as we can also use your name to match a found item to your camper.

electronics policy

In this day and age where we are surrounded by new technology, we understand the role electronic devices play in our campers' everyday lives. Although technology is useful and sometimes essential to one's educational and social development, there are devices that can hinder campers from fully participating in the community that is built at camp.

At Harbourfront Centre Camps, we strive to create opportunities for our campers to navigate friendships and develop social skills in a safe, supportive environment. Therefore, we would like to remind and encourage our camp families to have a conversation with their campers about un-plugging themselves while at camp and engaging in camp activities and with other campers throughout the day.

We would also encourage keeping these (often expensive) devices at home to avoid being damaged, lost and/or stolen, as we are unable to take responsibility for these items. However, should our campers have such devices out at camp, we will be asking them to put them away.

special days

open house

Several of our camps offer Open House performance, exhibition or show and tell (depending on the camp program) on the final day (or second to last day) of their sessions. Please refer to the parent newsletter from your camper's Facilitators for specific dates and times. This letter will be emailed the week before your camper arrives at camp.

If your camper's camp is offering an Open House, you have the option of signing your camper out when the Open House is over. Sign-out will be done by the Directors at each camp location.

Standard sign-out procedures are in effect: **campers will only be released to designated individuals with prior authorization.** Please have Photo ID ready when signing your camper out. If you choose not to sign-out your camper after their Open House, high quality programming, Bussing, Camper Pick-Up, Extended Program and Independent Travel will continue for the duration of the afternoon after each Open House.

swim days/splash pad

If the camp you have chosen indicates that it has recreational swimming and your camper cannot or does not wish to participate, **please note that alternative activities are always provided. Please let the Camps Office know in advance if your camper does not wish to swim.**

If your camper is going swimming, please provide a bathing suit, towel and shoes that can get wet for your camper on the days indicated in the parent newsletters. Many campers also bring an extra t-shirt to wear in the water for added sun protection.

Camps will be bussed with their Counsellors to a City of Toronto outdoor swimming pool or a nearby splash pad. While swimming, campers are supervised by their Counsellors as well as certified City of Toronto lifeguards and aquatic staff.

rain or inclement weather

All camps have an indoor space in the event of rain, cold weather or smog. Camps may also use indoor space on hot or humid days; however, due to programming content, many camps operate primarily outside (e.g., marine camps). Please dress your child appropriately. **Should the weather propose a significant quality or safety issue, we will deliver alternative programming.** It is always our goal to be out on the water, at the park, or other planned programming unless prevented from doing so.

registration

late registrations

We will gladly accept late registrations during the course of the summer, space permitting. Many of our camp programs fill up prior to the start of the session, so if you are looking for more summer programs, now is a great time to sign up!

If you are already registered and wish to add sessions, you can do so online by logging into your CampBrain account. If you have any questions or concerns, our staff can help you.

camp transfer policy

Camp transfer requests must be submitted at least five business days before the start date of your camper's camp session. Requests will be considered based on availability of space within the requested program.
