

TEACHER GUIDE

Thank you for choosing to visit Harbourfront Centre! Harbourfront Centre is Canada's community waterfront, home of arts, culture and education, and a registered, charitable not-for-profit cultural organization operating a 10-acre campus on Toronto's central waterfront. School Visits offers hands-on, inquiry-based programs that are designed to foster creativity and personal growth while connecting to the Ontario Curriculum.

WHAT TO EXPECT FROM YOUR DAY

When you arrive on site, you will be greeted by one of our staff. Payment will be taken care of by our Registrar during the morning of your visit. Your class will then receive a brief introduction to Harbourfront Centre and your program(s) will begin shortly thereafter.

ACTIVATION (PRE-VISIT IDEAS)

1. Introduce the topic of printmaking through the use of a **mind map**. Place the word "printmaking" in the centre of a page, and have students generate as many ideas, connections, examples or images that come to mind.
2. Have students complete a **KWL chart** (see link in the Additional Links to Learning section for a template). In this chart, students should complete what they **Know** about collograph, and what they **Want** to know before attending Harbourfront Centre.
3. Have students research an artist who uses printmaking in his/her practice. Have them **create a fact sheet about the artist**. The criteria and format for the fact sheet can be created with your students. Artists to consider include: **Albrecht Durer, Käthe Kollwitz, Edvard Munch, Pablo Picasso, Kakulu Saggiaktok, Kitagawa Utamaro**
4. Send students on a **texture scavenger hunt**. Ask students to think about what texture is. Give each student a large piece of paper and red, yellow and blue oil pastels. Demonstrate holding the pastel on the side (not the tip) to rub the surface of a texture. Demonstrate layering the colours to mix colours. Have the students explore their school in search of textured surfaces. Ask the students to fill their paper with rubbings of different textured surfaces. Have the students study their rubbings and consider how they can be used to describe the surface of an image i.e., mesh for the scales of a fish. Have the students create an image using their rubbings and the collage technique (cutting and pasting).

EXTENSION (POST-VISIT IDEAS)

1. Have your students revisit their **KWL charts** and complete the **Learned** column. See if any pieces of information that they shared in the **K** or **W** columns proved to be inaccurate.
2. **Host a student art exhibition**. Work with your students to consider where to exhibit within your school, how the pieces will be shown and what the overall theme of the exhibition should be. Write an artist statement for each piece and work collaboratively to write the didactic.
3. Have students **answer the key inquiry question**, making specific reference to their own pieces.
